About Us

3S is the trusted partner of the Kingdom, excelling in advanced Security, ICT, Communication, and Audio-Visual solutions. Our exceptional engineering and technology contracting services empower and safe guard the Kingdom of SaudiArabia, its people, its transformation, and its economic prosperity.

The specialized team at **3S** consists of industry pioneers with over two decades of hands-on experience in crafting tailored solutions for complex projects. Our experts adopt a comprehensive and unbiased approach to meet client requirements, going above and beyond indesigning and executing the optimal technological platform. With a focus on optimizing clients' operational efficiency and overall return on investment, our solutions a reguaranteed to be functional, scalable, and future-proof.

Our Vision

Innovating Beyond Limits: Our vision is to beat the forefront of technological advancements in the Kingdom of Saudi Arabia, delivering ELV (ExtraLowVoltage) solutions that exceed expectations, foster growth, and redefine industry standards.

Our Mission

At the heart of our mission is a commitment to ensuring the Saudi Arabia's continued growth and development by offering premier ELV solutions that place immense value on sustainability, efficiency, and unparalleled excellence.

Our Value Proposition

- Accumulated Expertise
- Value Engineering
- Tailored Solutions
- Future-Proofing
- Cutting-edge Technologies
- Competitive
- Client-Centric
- Knowledge Transfer

Services, Systems & Specialities

3S provides cutting-edge solutions in the fields of security, information and communication technology (ICT), and audio-visual equipment, presenting an extensive range of engineering and contracting services that seamlessly integrate crucial and highly demanding operations with the most appropriate and advanced technology available.

SERVICES

Engineering

- Detailed Design Completion
- Technology Selection
- Systems Technical Specification
- Tender Package Preparation
- Proof of Concept
- Pilot Program

Contracting

- Procurement
- Supply
- Installation
- Commissioning
- Cost Control & Project Planning
- Integration
- Site Acceptance Testing
- Training
- Warranting
- Extended Maintenance Program

SYSTEMS

Industrial

- LRDAS
- Maritime Surveillance
- IDAS
- Anti-vehicle & Person Fencing
- Hostile Vehicle Mitigation
- Barriers & Turnstiles
- Surveillance Drones
- Anti-drone Systems

Electronic Security

- Video Surveillance
- Video Management
- Video Content Analysis
- Facial Recognition
- Access Control & Management
- ID Badging & Management
- Emergency Stations
- Intrusion Detection

SYSTEMS

Marine Security

- Marine Radars
- Long Range Cameras
- Underwater Intrusion Sonars
- Underwater UAVs
- Underwater Cameras
- Security Floating Barriers
- Demarcation Barriers
- Marine ISS

Security Screening

- Whole Body Imager
- Explosive Detection System (EDS)
- Explosive Trace Detection (ETD)
- Under-Vehicle Screening System
- CT & Dual technology Scanner
- Handheld
- Portal
- Gantry
- Radiation Detection

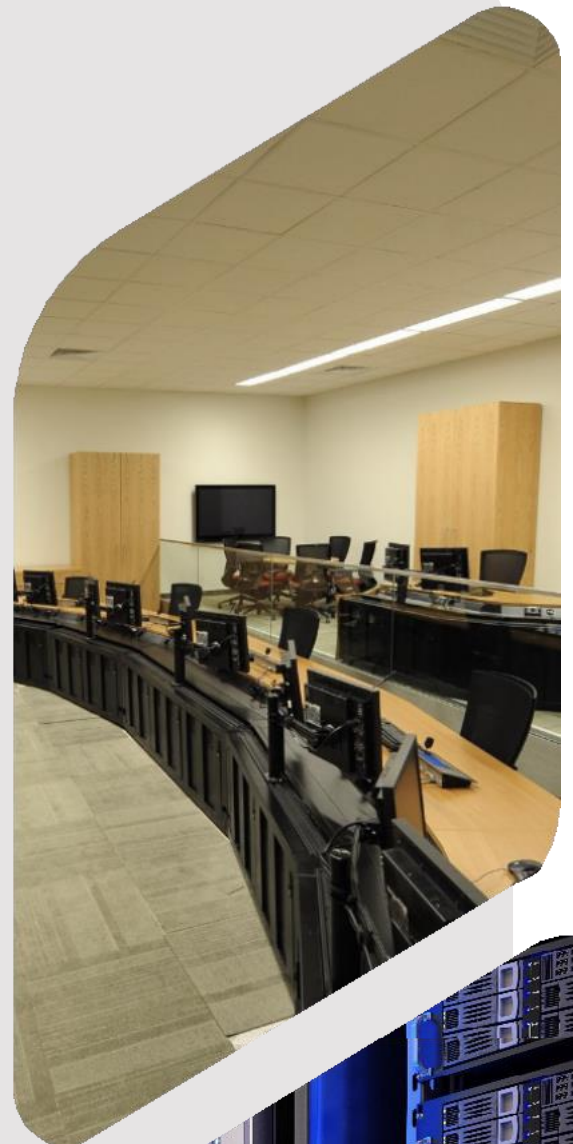

SYSTEMS

Security Operation Centers

Smart City & IoT Solutions

- Smart Public Safety
- Smart Mobility solutions
- Smart Waste Management solutions
- Smart Traffic Control Systems
- Smart Parking Management
- EV charging stations with IoT.
- Smart Air Quality Sensors
- Smart Street Lighting
- Smart Meters

SPECIALITIES

Border Security

Border protection and surveillance constitute a vital and ceaseless 24/7 operation that necessitates dependable long-range detection, classification, and positive identification of potential threats throughout the day, throughout the night, and in any atmospheric conditions. Moreover, security risks are rapidly evolving, and defending against illicit immigration, contraband smuggling, and acts of terrorism across vast and treacherous terrains demands cutting-edge detection technology, comprehensive data gathering, artificial intelligence, predictive tracking, and autonomous systems toward off any and every form of peril.

The **3S** border security systems embody a flawless fusion of well-established and commercially available technologies, encompassing both fixed and mobile video surveillance frameworks, heightened video capabilities, advanced imaging sensors, precision range finders, maritime and ground radar systems, state-of-the-art reconnaissance drones, sophisticated divers detection sonars, autonomous underwater vehicles, and Command and Control Platforms (C2,C4ISR).

SPECIALITIES

Critical Infrastructure

3S enables the safe guarding of the Kingdom's esteemed projects and vital infrastructure, minimizing disruption to utilities and deterring potential risks on land, air, and sea. Drawing upon its extensive expertise, 3S offers highly adaptable integrated security solutions for facilities of every scale and complexity, ensuring the utmost situational awareness and effective response capabilities, while empowering customers to gain a comprehensive understanding of their operational procedures and engage in precise risk assessments.

3S provides tailor-made solutions, including advanced intrusion detection alarm systems, intelligent video surveillance, robust measures for countering hostile vehicles, comprehensive access control management, and cutting-edge screening systems seamlessly integrated into a master management platform (PSIMorC2), among other offerings.

Moreover, **3S** specializes in safe guarding the marine frontier and off shore installations, where its visionary security concept encompasses the Boat Perimeter Exclusion System, state-of-the-art underwater intrusion detection, long-range surface and aerial detection, tracking, and if necessary, neutralization systems.

SPECIALITIES

Terrestrial Fiber Optic Backbone Infrastructure

3S specializes in the design, construction, and maintenance of terrestrial fiber optic backbone infrastructure. With years of experience in the industry, we have honed our expertise in providing reliable connectivity solutions to onshore and offshore facilities. Our team of skilled professionals understands the intricate nature of fiber optic networks, especially when it comes to marine infrastructure, and is equipped with the latest technologies and tools to ensure seamless operations. From design, planning and installation to ongoing maintenance and support, we offer comprehensive services that cater to the specific needs of our clients. Our commitment to excellence and attention to detail set us apart as a trusted provider in the field.

SPECIALITIES

Smart Cities & Venues

3S Integrated Internet of Things (IoT) and artificial intelligence (AI) solutions empower visionary business owners by ushering in a profound transition from a passive and reactive security approach to a proactive and anticipatory one, boasting the highest level of situational awareness. Our cutting-edge offerings not only leverage the power of advanced technology, but also provide unparalleled levels of data-driven insight and sensor-enabled performance through deep system integration, robust big data analysis, cognitive intelligence, predictive behavior modeling, optimal efficiency optimization, enhanced resilience, and fortified security measures.

While fundamentally rooted in technology, **3S** takes pride in its versatile integration capabilities, seamlessly converging with other open-environment business functions, there by granting our esteemed clientele unprecedented operational efficiency and expansive management prowess.

SPECIALITIES

Hospitality & Entertainment

3S offers an array of innovative solutions designed to elevate the overall experience of guests in the hospitality and entertainment industries. We firmly believe in the adage that a satisfied customer is a loyal customer. Our solutions surpass those offered by any competitors, ensuring optimal satisfaction for your esteemed guests.

At **3S**, we provide a diverse range of cutting-edge services, including advanced audio-visual systems, interactive signage, high-quality visual content, immersive room management solutions, seamless parking facilities, user-friendly way finding systems, and much more. We excel at translating our clients' unique requirements into tailor-made solutions by leveraging the latest technologies and collaborating with multiple vendors to deliver top-notch ELV platforms. Furthermore, we offer customizable maintenance programs that guarantee a hassle-free and seamless experience for our esteemed clients.

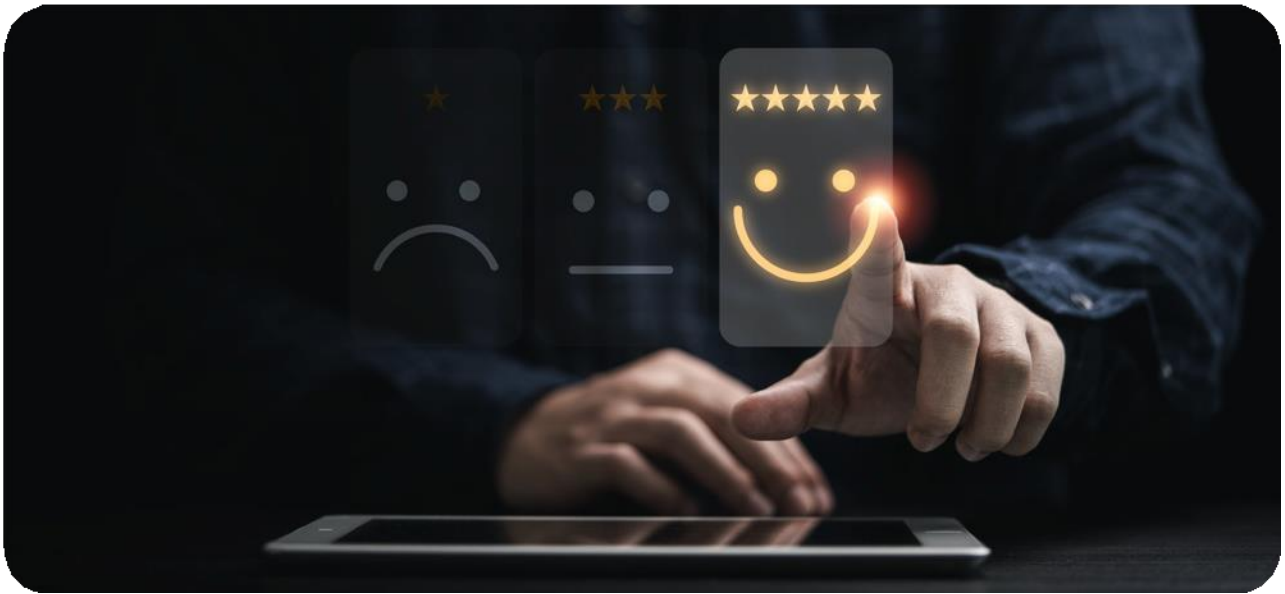

"Teamwork Towards a Common Goal"

3S culture acknowledges the profound understanding that our combined might exceeds the mere aggregation of our individual endeavors.

We cultivate an atmosphere of collaboration, where every team member's contributions are esteemed, and we ardently collaborate towards the accomplishment of our shared aspirations.

Our Guiding Principles

- Customer-Centric Focus
- Quality & Reliability
- Innovation & Continuous Improvement
- Transparency & Integrity
- Local Expertise and Global Perspective
- Sustainability & Environmental Responsibility
- People Empowerment & Development
- Safety First
- Collaboration & Partnerships
- Community Engagement & Social Responsibility
- Adaptability & Scalability

SHORT SELECTION OF OUR RESPECTED CLIENTS

SS prioritizes the needs and satisfaction of our esteemed Clients above all else, placing their well-being and contentment at the core of our mission. We are committed to cultivating enduring relationships with our valued Clients, and thus we have tailored our range of solutions to optimize their return-on-investment, elevate their safety standards, streamline their operations with enhanced efficiency, and provide unparalleled convenience. It is our unwavering dedication to consistently delivering exceptional service that sets us a part and establishes our standing as a trusted partner in their success.

SHORT SELECTION OF OUR RESPECTED PARTNERS

3S collaborates with the foremost technology providers from around the world and actively engages with industry specialists, guaranteeing that our range of solutions surpasses expectations.

We dedicate our selves to acquiring knowledge, fostering training, and attaining certifications to ensure that our esteemed Clients receive unparalleled service.
